The screenshot shows the 'Selection' window in Tsol Expert 4.5. On the left, there is a list of companies under the 'All Companies' and 'Standard' categories. The main area on the right displays a table of product data. The table has the following columns: Company, Product type, Product, Gross surface (m²), Length (m), Width (m), and Conversion factor (%). The table contains 10 rows of data for '2-improve Energy' products, specifically 'Prisma Pro' models ranging from 10 to 22. The conversion factor for all listed products is 66,8%.

Company	Product type	Product	Gross surface m ²	Length m	Width m	Conversion factor %
